

Thank you for the tiny but mighty pollinators
Help us to create habitats that protect them.
For in their humble buzz lies the heartbeat of creation. Amen

Creator God, you made this earth
with all it needs to grow food for everyone.
Help us to protect and care for our land,
sharing all we have with generous hearts. Amen

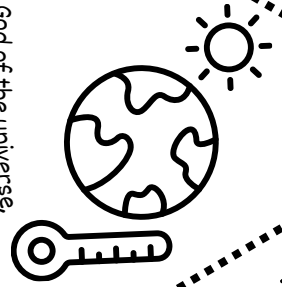

Lord God, thank you for farmers
and all who work to produce our food.
Give energy to their bodies and strength to their hands
May they find rest and peace at the end of the day,
knowing their hard work is a gift to us all. Amen.

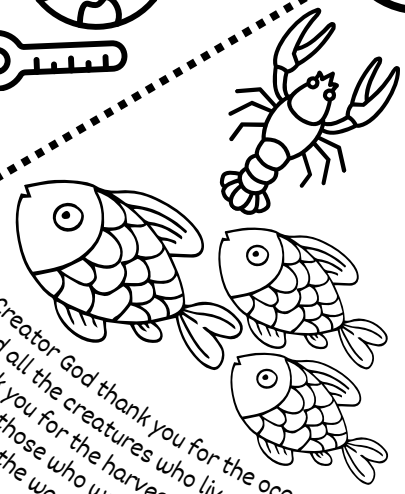

Thank you god,
for the incredible animals on our farms,
as creatures of your wisdom, not just for profit.
Please help us to cherish them and see them
for those who care for them, we ask for compassionate hearts,
gentle hands, and kind words. Amen.

God of the universe,
inspire us to make a difference to our climate.
We pray for countries suffering from droughts,
floods and tornadoes..
Help us to live simply and restore balance to our climate
Amen.

Creator God thank you for the oceans
and all the creatures who live in them.
Thank you for the harvest of the sea,
Protect those who work on the water,
and forgive us for the ways we have polluted it. Amen
